Dear Ms. Thomas,

Thanks for your note and messages. I'm sorry I was not able to respond earlier.

My last time available on Thursday is from 3-4 pm. I will be on annual leave on Friday July 27. Its

possible that my colleague, Susan Burden could meet with you on Friday.

FYI, both Susan and I are working on EPA's study of the potential impacts of hydraulic fracturing on drinking water resources. Neither of us works on any issues associated with Pavillion.

Please let me know what might work for you.

Jeanne

Good Morning Ms. Briskin,

Thank you for taking time to consider our request; I know you're very busy. Several of us who are living with oil and gas development and who live in EPA's region 8 will be traveling to DC next week. If possible we would like to meet with you. Please let us know if you will be available late Thursday afternoon or Friday.

Sorry this is such short notice, and thanks again,
Deb
